***Allowable Subject Matter***

1. Claims 8-23, 25 and 26, which have been renumbered as 1-18 respectively, are allowed.
2. The following is an examiner's statement of reasons for allowance: Regarding claims 1-18, the prior art of record fails to teach of a MPLS (Multiprotocol Label Switched) network that receives a LSP (Label Switched Path) signaling message and accessing a policy table to identify a billing party associated with the signaling message and forwarding the signaling message to a downstream device only subsequent to identifying the associated billing party in the policy table. The closest reference, Hagen (U.S. Patent Application Pub. No. 2002/0075844), teaches of a policy based accounting forwarding service that receives a packet to be forwarded over a network; accesses a policy table to identify a billing party associated with the packet; forwards the packet and records the data corresponding with the forwarding, but fails to teach of a MPLS (Multiprotocol Label Switched) network that receives a LSP (Label Switched Path) signaling message and accessing a policy table to identify a billing party associated with the signaling message and forwarding the signaling message to a downstream device only subsequent to identifying the associated billing party in the policy table.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
